

Luke Murphy – Attic Projects  
Presents

## LOUDS AND BOULDERS: MAPPING TERRAIN

---

Choreographed and Directed by **Luke Murphy**

Performed by **Luke Murphy**

Music Composed by **Eoin French, Peter Power, Ross Dowling**

Sound Design by **Peter Power**

Video Design by **Gareth Gowran**

Produced by **Gwen Van Spÿk**

Production Management by **Aidan Wallace** for Kilkenny Arts Festival

Stage Management by **Darach O'Ruairc** for Kilkenny Arts Festival

***Clouds and Boulders* has been created with funding from Arts Council Ireland and has benefitted from additional support from Kilkenny Arts Festival, Cork City Council Arts Office and Cork Midsummer Festival.**

**Special thanks to Olga Barry, Aisling O'Brien and all the team at Kilkenny Arts Festival and Butler Gallery; and thanks also to Lorraine Maye and Cork Midsummer Festival.**

---

*Clouds and Boulders* was originally conceived as a large scale, concert inspired show for festivals; a show to be presented outdoors as the sun was setting and that would bring the audience on stage with the performers at the end for a joyful celebration of dance and music. Restrictions resulting from the COVID-19 pandemic saw Luke and his team unable to complete or perform the show as planned. We are however delighted and grateful that Olga Barry and the team at Kilkenny Arts Festival have created the opportunity for us to salvage, repurpose and reimagine some of the original material for the intimate setting of the Digital Gallery in the Butler Gallery.

This intimate installation performance sees Luke as both witness and survivor in a living archive of the unrealised work: mapping, examining and rediscovering the planned, developed but unfinished material for the original show.

This personal and reflective art work offers audiences a voyeuristic window into the process of conceiving, developing and dismantling a project. When the pieces are torn apart what remains? What lingers? And how do you respond?
